

Data element	Response			
Fresh tissue received	No	Yes	<i>If yes, describe any additional tests/ frozen sections/biobanking performed</i>	
Specimen labelled as	Text	As stated by the clinician		
Operative procedure	Text			
Neoadjuvant therapy	No	Yes		
Specimens submitted <i>select all that apply</i>	Not specified	Larynx	Transoral laser excision	Total laryngectomy
	Trachea	Hypopharynx	Laryngopharyngectomy	Other, <i>specify</i>
Specimen dimensions	<i>Length x width x thickness</i> __x__x__mm			
Anatomical components	Hyoid bone	Number of tracheal rings __		Tracheostomy site
	Cervical oesophagus	Thyroid	Extralaryngeal soft tissues	
Tumour focality	Unifocal	Bilateral	Multifocal, <i>specify number of tumours</i> __	Cannot be assessed, <i>specify</i>
Tumour dimensions				
Maximum dimension of largest tumour	__mm		Cannot be assessed, <i>specify</i>	
Additional dimensions of largest tumour	__x__mm			
Depth of invasion	__mm			
<i>For each tumour: (if >1 designate accordingly)</i>				
Tumour laterality	Right	Left	Midline	Not specified
Tumour site	No macroscopically visible tumour		Cannot be assessed	
	Larynx	Supraglottis, <i>specify detail*</i>		Glottis, <i>specify detail*</i>
	Transglottic tumour		No	Yes
	Hypopharynx, <i>specify detail*</i>		Trachea*	Other, <i>specify</i>
	<i>*see Structured Reporting of Cancer for more detail</i>			
Tumour description	Exophytic	Endophytic	Ulcerated	Polypoid
Mucosal surface abnormalities	Not identified	Present, <i>specify and measure</i> __mm		
Distance of tumour to (<i>specific</i>) margin	__mm to _____ margin			
Distance of edge of tumour to tracheostomy site	__mm			
Macroscopic involvement of other tissues	Laryngeal cartilage, <i>specify numbers involved</i> __		Extralaryngeal tissues	Other, <i>describe</i>
Lymph nodes	Not submitted	Submitted	<i>Record number per cassette.</i>	
Other relevant macroscopic information	Text	<i>E.g. any additional orientation; specimen integrity (if disrupted)</i>		
Block identification key and ink application	Text			

Refer to [Structured Reporting of Cancer Pathology](#) for current details of Standards and Guidelines
